Friday, September 21, 2018

rotation schedule	Orientation at the assigned rotation site	Rotation Supervisors and Staff	Rotation sites
----------------------	--	-----------------------------------	-------------------

By the end of the third week, **you will need to have attempted to contact all of your assigned clients** and be working on scheduling clinical appointments with them.

When you make first appointments for new clients, **make sure to spread them out**, so you will not be seeing too many clients during your first weeks at RAMS. **If at all possible, please try to avoid scheduling many clients for Tuesday, Wednesday, and Thursday when the demand for treatment rooms is the greatest.** On these “busy” days, one is all too likely to have to spend a lot of time and energy “hunting” for treatment rooms; often, this results in rather inconvenient work schedules (e.g., a client appointment in the early mornings and another one in the late evening with a lot of “empty spaces” in between). We realize that this option may not work for some of you, but if your school/life schedule permits, it’s a very good idea to plan on seeing most of your clients on Monday or Friday; this would make for a much more satisfying training experience.

Wendy Ong, Clinical Assistants to the Training Program, will go over the Treatment Room Booking procedure with you and will be available to guide you through the process when you start using the system.

Please remember: we use a “no client, no room” system. This means you can’t do any permanent room booking before you have confirmed clients’ ongoing availability at specific times. Before you make an appointment, always confirm that there is a treatment room available; book a room right after you have made an appointment. Also, when you change client appointment times, you must promptly change your booking to reflect that you are no longer using the room.

If you have any difficulties getting in touch with some of your clients, please don’t wait too long before you talk to Alla about it.

Friday, September 28, 2018

Rotation schedule	Orientation and clinical work at the rotation sites	Rotation Staff	Rotation Sites
-------------------	---	----------------	----------------

Starting next week, please refer to the regular weekly training schedule, unless otherwise notified.
The only exception is *Psychological Assessment Seminar and Supervision with Mai Nguyen, PsyD*, which will continue the orientation on October 1st (1 pm- 5 pm); its regular schedule will start on October 15th

On Friday, October 5, at 9:30 am, *Dr. Jorge Wong, RAMS President and CEO*, will be delivering his *State of the Agency address*.

The event will be held at *Google Community Space* at 188 The Embarcadero.

All staff trainees and interns are invited to attend, snacks will be provided.

If you can make it there in person, please let me know before 9/28.

The meeting will also be available via ZOOM.

On Monday, October 8, the clinic will be closed.

You are cordially invited to *the RAMS Annual Staff Picnic*. Details to follow.

If clinical documentation procedures feel confusing at first, don't despair!
Just follow the memos and manuals provided and you'll get there.

After you start seeing clients (and, therefore, charting),

Wendy Ong, Training Clinic Assistant, will offer

Review of Clinical Documentation Procedures

(Wednesday, October 10, 11am -12noon, conference room)

Please come to the conference room with laptops and a sample of your clinical charts.

There will also be *another training on charting provided by the SF CBHS* later in October.

It will take into account the most recent changes in the requirements
(which are due to be implemented starting October 1).

Details are to follow; we are still in the process of scheduling it.
