

Core Practicum Activities:

➤ **Orientation Program** (required):

Orientation to the NAAPTC Internship Program, RAMS Outpatient and Rotation Clinical Work and the San Francisco Community Mental Health System. Three Weeks in the beginning of the year.

➤ **Clinical Work at the RAMS Outpatient Clinics** (required):

Individual, group, family and dyadic psychotherapy with adult and child clients; clinical case management; new client intakes; initial/ongoing clinical assessment and treatment plan development; clinical documentation, charting and billing; multidisciplinary teamwork. Ten outpatient therapy hours and one hour of new clinical intakes per week; non-direct casework and charting/paperwork as required, two hours per week on average.

➤ **Clinical Supervision** (both required and optional):

One hour of individual supervision and ninety minutes of group supervision per week; option to attend one or both elective one-hour-long weekly supervision groups: Relational Work with Children and Families and Psychodynamic Theory Applied to Therapy with Severely Mentally Ill Adults.

➤ **Staff and Team Meetings**¹ (required):

Monthly one-hour-long Training Group Meeting with the Director of Training (includes practicum trainees) and All RAMS Meeting with the RAMS CEO and representatives from all RAMS programs.

➤ **Didactic Seminars** (required):

Weekly 1.5-hour-long Tuesday Intern and Trainee Seminar (includes practicum trainees and predoctoral interns) and weekly 1.5-hour-long Wednesday Psychotherapy In-Service Seminar (includes practicum trainees, predoctoral interns, and clinical staff); All RAMS Training Series (format varies, including half-day or full-day events; scheduled throughout the year, six on average).

➤ **Clinical Case Conferences** (required):

Monthly ninety-minute-long Adult Clinical Case Conference and monthly ninety-minute-long Child Clinical Case Conference at the outpatient clinic (both include practicum trainees, pre-doctoral interns, and clinical staff from multiple RAMS programs); weekly ninety-minute-long Intern and Trainee Clinical Case Conference (includes practicum trainees and pre-doctoral interns; four months in the second part of the year)

¹ Optional attendance of the monthly Adult Outpatient and Child, Youth, & Family team meetings.
