RAMS is pleased to present:

Robin Anderson, MRCP, FRCPsych

Topic:

ADOLESCENCE and the BODY EGO:

**The reencountering of primitive mental functioning
in the adolescent development**

DR. ROBIN ANDERSON is one of the leading contemporary Kleinians to grapple with profoundly difficult aspects of adolescent treatment. He has a particular interest in early object relationships and the way they are manifested later in life, especially during adolescence. Dr. Anderson is a Training Analyst in Adult, Child and Adolescent Analysis at the Institute of Psychoanalysis in London, where he has also been Director of the Child and Adolescent Training in Psychoanalysis. Dr. Anderson was head of the Clinical Services of Adolescents at the Tavistock Clinic from 2000 to 2003 and had been chairman of the Adolescent Department and a Consultant Psychiatrist there from 1991 to 2000. He continues to teach trainees and staff at the Tavistock, as well as working in private psychoanalytic practice. Dr. Anderson has published numerous papers and book chapters on child, adolescent and adult psychoanalysis and psychotherapy and has edited two books.
