**INDIVIDUAL SUPERVISION SCHEDULE** is to be determined with your individual clinical supervisor. Every doctoral intern receives three hours of individual clinical supervision per week with licensed clinicians. Interns are entitled to have 192 hours of leave time during their training year at RAMS; any time taken off for any reason other than a pre-approved educational activity comes out of this amount. In addition, trainees have days off on the 11 holidays when RAMS is closed: Memorial Day, Juneteenth, Independence Day, Labor Day, Veteran's Day, Thanksgiving Day, Day after Thanksgiving, Christmas Day, New Year's Day, Martin Luther King Day, and President's Day. Vacations can be taken at times deemed appropriate by a intern's clinical supervisor and the Director of Training; interns are responsible for securing coverage for ongoing clients and intakes. Please note that, save for some very unusual circumstances, no vacation time will be approved during the last three months of the training year (therapy termination time).
